Part B: Direct Automation / Test Case Execution in Zephyr Scale

Below are the documented manually executed test cases structured according to **Zephyr Scale** standard format for SriLankan Airlines core functionalities.

Test Case 1: Manage My Booking – Invalid PNR Validation

- Key/ID: SLA-T101
- Priority: High
- Execution Status: PASS

	Test Step Action	Test Data	Expected Result	Actual Result	Status
Step 01	Navigate to SriLankan Airlines "Manage My Booking" page.	URL: [https://www.srilankan.com] (https://www.srilankan.com)	Manage My Booking section is displayed.	Page loaded successfully.	PASS
Step 02	Enter invalid booking reference.	Booking Ref: X99ZZZ	Text entered into input field.	Entered X99ZZZ.	PASS
Step 03	Enter Last Name.	Last Name: Perera	Text entered into input field.	Entered Perera.	PASS
Step 04	Click "Retrieve Booking" button.	N/A	Error message displayed: <i>"Unable to retrieve reservation"</i> .	Error message displayed correctly.	PASS

Test Case 2: Online Check-In – Departure Window Boundary Check

- Key/ID: SLA-T102
- Priority: Medium
- Execution Status: PASS

	Test Step Action	Test Data	Expected Result	Actual Result	Status
Step 01	Navigate to "Check-In" tab.	URL: https://www.srilankan.com(https://www.srilankan.com)	Check-in input fields displayed.	Check-in panel rendered properly.	Pass
Step 02	Enter details for a flight scheduled 5 days later.	PNR: ABC123, Last Name: Silva	Credentials entered successfully.	Details populated into fields.	Pass
Step 03	Click "Check-In" button.	N/A	Error message displayed: <i>"Online check-in opens 48 hours prior to departure"</i> .	System restricted check-in correctly.	Pass

Test Case 3: Excess Baggage Purchase – Dynamic Price Calculation

- Key/ID: SLA-T103
- Priority: High
- Execution Status: PASS

	Test Step Action	Test Data	Expected Result	Actual Result	Status
Step 01	Proceed to "Passenger Details / Services" page.	Route: CMB - > SIN	Extra baggage options displayed.	Add-ons loaded properly.	PASS
Step 02	Expand "Pre-Paid Extra Baggage" section.	N/A	Weight options (+5kg, +10kg) and prices shown.	Baggage options displayed.	PASS
Step 03	Select +5 kg Extra Baggage.	Option: +5 kg	Total price updates dynamically (+ \$25).	Total price updated correctly.	PASS
Step 04	Deselect baggage option.	N/A	Price reverts back to base fare.	Fee deducted; price reverted.	PASS
